GRAMMAR SCHOOLS IN BAND CONTEST

Bus Service for High School May Be Discontinued Soon

Question Will Be Decided At Meeting to Be Held May 28th.

Shall the Washington Union High school bus service be discontinued for the ensuing school year? This question was raised at a board meeting held recently and A. A. Bettencourt made a motion to discontinue the buses for the coming year, which was seconded by Fred F. Dusterberry. A substitute motion was made by F. Vernon Jones, with consent of Mr. Bettencourt, that continuing or discontinuing of the buses be laid on the table until the next regular meeting and decision be made then. Bettencourt seconded this motion. Therefore, at a meeting set for Wednesday, May 28, this important matter will be settled.

Five buses are in service for the school year, consisting of ten months, two semesters. Eight towns in Washington township are covered. The pupils from outlying districts are given an opportunity to receive instruction in the high school. The total cost of running the five buses for the year 1928-29 was \$7,495. Apportionment received from the State for that year was \$10,372 and from the county \$19,746. If the service should be discontinued, the amount received from the state and county would be very much reduced as an estimate has been made that reduction in attendance would be from one-third to one-half following the elimination of the bus service.

All those interested in this question are urged to attend the meeting May 28, at Washington Union High school and feel free to express their opinions. This is a question vital to the township and the children therein. With a decrease in attendance a certain amount of equipment and services of some of the teachers would be unnecessary, which by many is believed would cause a waste of time and money.

This move to discontinue bus service is being done in an effort, so it is said, to reduce expenses of the school, and both sides of the question will be thoroughly discussed by the board members on May 28.

LARGE CLUB GROUP ANNUAL OUTING IN NILES

Fifteen clubs and two chambers of commerce, members of the Federation Improvement clubs of Southern Alameda county, will hold an annual picnic outing at Stonybrook park, Niles canyon, Sunday, May 25. Dancing and games of all kinds will be features of the day, for which prizes will be given in addition to gate awards.

Hot coffee will be served to all attending, the club giving it free.

A. F. JOHNSON IS SPEAKER AT NILES CHAMBER MEETING

Census Returns Revealed and Many Interesting Facts Discussed

Niles Chamber of Commerce held a meeting Tuesday, May 20, at the Florence restaurant. L. E. Smith presided. All officers were present, in addition to a large group of regular members. An invitation to attend the Sar Leandro Cherry Festival, to be held on June 2, was read, but the chamber voted not to attend, as lack of time made it impossible. A. F. Johnson, member of the 1930 census committee, gave an interesting talk, giving census figures. He said that Niles was not complete yet, but exact returns would probably be given out soon.

F. Vernon Jones announced a meeting of the Board of Trustees of Washington Union High school to be held on May 28, to settle the question of whether or not the bus service for students of the high school should be continued. A vote was also cast to have the chamber on record as being opposed to the movement to abolish the Washington Union High School bus service.

Two visitors were present at the meeting. They were Arnold Abbott and John Habenicht, two members of Niles troop No. 1, Boy Scouts of America.

LIBRARY TO CLOSE.

Niles branch of Alameda County Free library will be closed Friday, May 23, according to Mrs. Emma Murray, librarian. A meeting of librarians from all branches in the county will be held from 10 in the morning until 4 p. m., in the beautiful Jane Clough Memorial Library building.

Leonard Bakke, formerly a member of the staff of Schuckl company, San Francisco, has been transferred to the Niles plant of that organization.

Jacob Cook, of Tennyson, well known chef, will supervise the brewing of this beverage.

Horseshoe pitching will be one of the main diversions of the day. Judge Jacob Harder, Jr. of Hayward, will be in charge of the games.

AGED MISSIONARY PASSES AT NILES HOME SATURDAY

Funeral Services for Rev. John Henry Were Held Tuesday

Funeral services were held Tuesday afternoon at 2 o'clock for Reverend John W. Henry, who passed away at Niles Home Saturday. The last rites were conducted at St. John's Presbyterian church, in Berkeley, with Dr. Stanley Armstrong Hunter, pastor, officiating. Interment was made in Napa. Six retired Presbyterian ministers, of Berkeley, were honorary pallbearers.

At his death the deceased was eighty-nine years of age, and had been a member of one of the oldest missionary families on the Pacific coast. His forebears had been missionaries in Tahiti for over a hundred years.

According to Doctor Hunter, Reverend Mr. Henry's grandfather was one of the first Presbyterian ministers to be assigned to missionary work in Tahiti, more than 100 years ago. His son and grandson carried on the work after he passed on.

Reverend Henry came to the United States shortly before the Civil War, traveling from Tahiti to New York aboard a windjammer which sailed around Cape Horn. After arriving in this country he entered Colgate university, New York, where he studied for the ministry. He served in Tahiti until a few years ago, when he was assigned to duty in California. He is survived by a daughter, Mrs. J. B. Thomas, of Berkeley.

MRS. PODSTATTA HEADS STATE CHAPTER P. E. O.

Mrs. V. H. Podstata, of Pleasanton, was elected president of the State Chapter of the P. E. O. at its annual meeting held in Oakland last week. The new state president is a charter member of the organization and was its third president. She has served for two years as state organizer and has just completed a term as first vice president of the state group.

Miss Mildred Hazel of New York is taking Mrs. Owen Swainson's place at the De Luxe Beauty salon for a week.

Advertisements Carry News Of Unknown Inventions

How many of us have ever considered advertising from the standpoint of news value alone? We hazard the opinion that not many readers of newspapers or magazines feel that the advertisement which engages their attention is actually news of the product or article.

Webster's definition of "news" is: "A report of a recent event; information about something before unknown; fresh tidings; recent intelligence." Pick up any periodical or piece of direct-by-mail advertising, and without question you will find some information before unknown to you about a product or service.

One reader of advertising found a simple plan of moderate cost which enabled him to put his son through college. Another discovered a way to modernize his dwelling which resulted in a subsequent sale, netting him a most generous profit. A glance at the papers today informs us

CENSUS SHOWS INCREASE IN POPULATION

Census returns for Niles and surrounding communities show a substantial increase over those of 1920. The total of population in Alameda county is 474,324. In 1920 it was 342,918, an increase of 131,406, or about 40 per cent.

Figures for the other cities and townships of the county follow:

Livermore, 3119; balance of Murray township, 2963. In 1920 the township total was 3908.

Pleasanton, 1232; balance of Pleasanton township, 1513. In 1920 the township population was 991.

Alvarado, 1899; Centerville, 1657; Decoto and Niles, 4129; Masonic Home, 313; Irvington, 1234; Mission San Jose, 902; orphanage, 198; Newark, 1533; Warm Springs, 850; total for Washington township, 12,705. In 1920 this township had a population of 8494.

The city populations in the county are: Emeryville, 2263; Piedmont, 9277; Albany, 8593; Berkeley, 82,130; Alameda, 34,847; Oakland, 284,213.

LAST RITES HELD SATURDAY FOR G. W. TEETER

On May 15, George W. Teeter passed away at the home of his daughter, Mrs. A. W. Bonnet. He had been a resident of Livermore for many years, settling there in 1888. For two years he resided at Niles. Funeral services were held at Livermore Saturday, May 17. The remains were buried in a cemetery at that place, where two members of his family had been laid to rest before him. They were his wife and a son, J. A. Teeter, who was drowned in 1914.

Deceased is survived by Mrs. W. A. Bonnet of Oroville; Mrs. M. N. Crane of Niles; W. P. Teeter of Willow; and E. M. Teeter of Modesto, all sons. He is survived by fourteen grandchildren.

HOLLY SUGAR COMPANY HOST AT BARBECUE

Approximately 500 people attended the annual picnic given by the Holly Sugar corporation for employees from Alvarado, Tracy and Stockton plants, at Bonita park, near Sunol, last week.

Games, a barbecue and dancing were diversions of the day. Music was furnished by N. E. Haiser's dance orchestra.

COMMERCE BODIES ATTEND BANQUET AT MORTON PLANT

Five Chambers On Tour Through Modern Salt Refinery.

Centerville Chamber of Commerce and members of chambers from Niles, Decoto, Irvington and Newark attended a banquet at Morton's salt refinery Thursday, May 15. George Hess, manager of the plant, was host, and he delivered a speech welcoming all those present. Members of the various bodies represented gave short talks. A good time was enjoyed.

Much merriment was created by imposing fines, with the result that the charity box for a Christmas tree was filled to overflowing. At the close of the meeting F. T. Dusterberry, president of the Centerville Chamber of Commerce, thanked Mr. Hess for his hospitality and courtesy and called for a rising vote of thanks which was responded to unanimously with great applause.

M. M. Santos, assistant postmaster, was appointed chairman of the coming meeting. After this the assembled guests were taken on a tour of the great plant. Beginning with the first stages of refining they went from room to room of the seven floors, where they saw special machinery for various tasks, such as filling, labeling and sealing cartons of salt for home use, and filling and sewing small sacks. This machinery is operated by young women employees.

Morton's refinery is one of the youngest industrial plants in Washington township, yet, under the able management of Mr. Hess and his staff of assistants it has become one of the greatest of its kind in the country.

Warm Springs People Sell Service Station

Mr. and Mrs. Fred Bach, of Warm Springs, who have earned the name of "The Bandits' Row," among residents of that city, have sold their service station, where twice in the last two years they fought hold-up men. In both cases the bandits were later apprehended by officers, and both times at least one bandit was wounded.

MAN SHOOT SELF AS HE SITS IN CAR

Joseph Holloway Sends .32 Caliber Slug Into Head

RELATIVES SOUGHT

Inquest Held Up Pending Word From Possible Oklahoma Brother

ARRANGEMENTS for the funeral of a man identified as Joseph M. Holloway, 39, who committed suicide early last Friday morning near the Calaveras Dam, are being held up pending word from the man's brother, C. D. Holloway, of Collinsville, Okla., according to C. S. Graham, deputy coroner.

Holloway ended his life by firing a .32 caliber bullet through his head while seated in a Ford coach sometime between 2 o'clock Friday morning and noon the same day, according to Patrolman Lopes. This officer talked to Holloway at about 2 a. m. Friday morning when he found him sitting in his car.

Patrolman Lopes suspected that the man might be hunting deer and searched the car for weapons, but was unable to find any. Holloway told the officer that he was trying to sleep. The car was found with its grewsome cargo shortly before noon Friday.

The body was carried to the mortuary in Pleasanton and the car towed to Smallcomb's garage. Other than being able to learn that the man was a member of the Hetch Hetchy water project crew, who had given his name as Holloway, identification is still incomplete.

Telegrams were sent to several parties in an effort to locate relatives of the dead man.

Finally, this week, a response was received from C. D. Holloway in Oklahoma giving the information that he believed the man to be his brother. While positive identification is being awaited the body remains in the mortuary. The inquest is being held up for further information.

It is also believed that Holloway is a member of the American Legion of Weaverville, S. D. Ex-service men here are aiding in the identification.

Deputy Sheriffs Hugo Radbruch and L. E. Van Patten conducted the investigation. They were unable to find a motive for the suicide as they learned from the man's fellowworkers that he was apparently in good spirits when he left the camp Thursday night.

FORMER SUNOL RESIDENT PASSES AWAY THURSDAY

Perry Jacobus, formerly of Sunol, passed away last week at his home in Berkeley after a short illness. Jacobus left Sunol about a year ago. Several Pleasanton and Sunol persons attended the funeral.

DECOTO VOTES AGAINST BUS STOP QUESTION

DECOTO CHAMBER of Commerce cast a vote and has gone on record as opposing the proposed discontinuance of the Washington Union High School bus service. This was decided at a meeting held Tuesday night, May 20.

MOTOR HINTS

It is a good idea to use your spare tire once in a while instead of leaving it all nice and new sitting very calmly in its rack. True, by being used it gets discolored from the dirty roads, but this very dirt protects it from damage by sunlight. Also a tire that has been used is much more pliable when it becomes necessary to remove from the rim. And, last but not least, a soiled tire does not hit the eye of the tire thief as quickly as a nice new one does.

Every motorist likes to have his car climb a steep hill in high gear. But it does not do your car a bit of good to show off in this manner. Different gears—four of them now on many cars—are for different purposes, and it is an unnecessary strain, and a harmful one, to force your engine all the way up, and over a steep hill just because you hate to shift when there are only a few feet more to go to make the grade. Just as soon as the engine begins to labor be sure you shift.

Y. M. I. JUNIORS DROP HARD FOUGHT CONTEST SUNDAY

Milpitas Team Proves Too Strong For Pleasanton Nine, 5 to 1.

Pleasanton Y. M. I. Juniors dropped a hard fought contest to Milpitas on the victor's home diamond last week, by a score of 5 to 1. Errors accounted for four of the Milpitas runs.

Anselmo was just about as effective in this game as he has been in any in the past, but wobbly support and some poor base running spelled defeat for the locals.

There was nothing for the youngsters to feel bad about in dropping this game for they were facing a man's team, the players all older and more experienced. The Milpitas fans were rightly impressed by the showing of the Y. M. I. Juniors and were liberal with their praise. Pleasanton had the honor of scoring first and of holding their opponents scoreless for four innings.

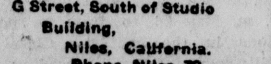

Pleasanton scored its lone tally in the third inning. Bottini singled as did Paulo. Silva clouted a long sacrifice fly which brought Bottini home.

COMEDY-DRAMA WILL BE GIVEN ON JUNE 6 BY SENIOR CLASS

"A Full House," a farce comedy has been selected as the senior class play at Amador Valley Joint Union High school, Pleasanton, for this year, according to Principal R. O. Moyer, of that school. The students are working hard on the production and it gives promise of being one of the most entertaining ever presented by a graduating class.

The date has been tentatively set for Friday night, June 6. The shop classes under the direction of George Patterson are building the sets. The art classes will decorate them as soon as they are completed.

DR. M. MANNING IS ADVOCATE OF ICE AS REFRIGERATION

There isn't a thing about ice that can harm anyone, according to Dr. Martha Manning, refrigeration expert.

"One is always safe when ice is the refrigerant used," Dr. Manning states. "Ice is beneficial in every way. Day and night, old and young are safe with ice. Ice refrigeration is the choice of over 12,000,000 American families. For generations ice has safeguarded the health of millions, saved the lives of countless babes who, without ice, would have swelled the sad totals of infant mortality."

"Now ice is an even greater boon to humanity than ever before because of recent improvements in refrigerator design, construction and performance. Ice refrigerators unrivalled in style, insulation and durability are available to families of moderate means. Of course, they're not obtainable at the ridiculously low prices featured sometimes, but reasonably

good ice refrigerators for small families can be had for as low as \$35.

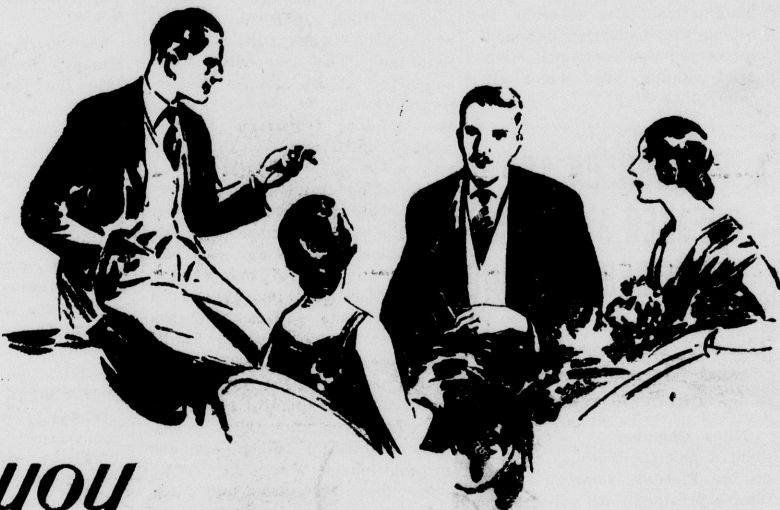

"Ice companies usually can answer refrigeration questions. Their job is to provide safe, satisfactory refrigeration at low cost and you should not hesitate to ask advice."

FAVORITE STARS AGAIN TALK AND ACT IN NILES

Tonight Janet Gaynor and Charles Farrell in "Lucky Star" are the attractions at Niles Theatre. The loveable pair that has captured many hearts again will be before us with a wealth of real enjoyment.

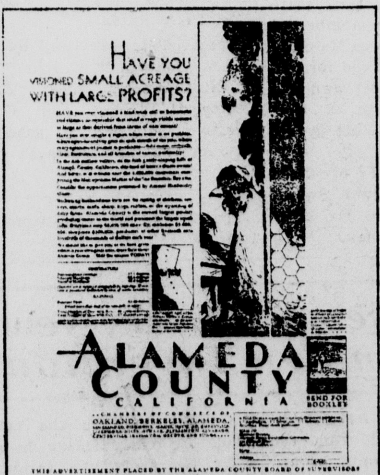

Saturday a double bill will be presented. Glenn Tyron in "Dames Ahoy," an all talking, and Tom Tyler in "Phantom of the Range," will appear. Thrills, action, excitement, speed, drama, comedy; all these are embodied in this inimitable picture of the West.

Sunday and Monday Ralph Ince, starring in "Wall Street," will entertain with action and voice as he lives the life of a great financier. "Rio Rita" and "Ingagi" are also attractions that will be seen at Niles.

UNITED ARTISANS GIVE WHIST AND DINNER TUESDAY

United Artisans' dinner on Tuesday night was one to be remembered. It was served in the banquet hall. A large basket filled with spring flowers and ferns filled the center of the table. Sweet peas lay on each side and bright caps and souvenirs stood by each place card.

There were about twenty present. Among them were Mr. Johnson and Mr. Campbell of Oakland, who made interesting speeches concerning the growth of the order.

J. M. Overacker acted as toast master. The members welcomed Mr. and Mrs. Shatterer, of Redwood City, and P. Petersen, of Alameda.

After dinner at the El Lido restaurant they adjourned to Memorial hall where they enjoyed whist.

Mrs. G. Mathiesen was the one who ordered and decorated for the affair. It was voted to keep her on the committee. When the winners of the whist saw their prizes they united in praising her taste.

Fortunate ones were: Mrs. F. O. Bunting, first prize for ladies; P. Petersen, first prize for gentlemen and Justus Overacker and Mrs. Brown, consolation prizes.

Girls' League Sponsors Fashion Show Friday

Girls' League of Washington Union High school sponsored a fashion show, which was given Friday night, May 16, in the high school auditorium. Mrs. J. P. Morris, sewing instructor, had charge of arrangement. Girls from her classes appeared in the show. However, not all class members took part in displaying models. Each girl was given duties to perform even though she did not appear on the stage.

Approximately 400 people were present. Stage sets showed a garden; mannequins appearing from an entrance in a wall. All together the show was beautifully enacted. Music for the occasion was furnished by Melvina Guisti, John Faria and Paul Gygax, an alumnus.

Costumes and frocks for all occasions were exhibited. There were sport, morning, afternoon, evening and school dresses. Those who took part were Palmeda Avila, Isabel Azeveda, Eleanor Bernardo, Grace Bettencourt, Valenta Brydges, Mamie DeSalles, Mildred Dias, Lydia Dias, Aldina Dutra, Pauline Ennis, Ruth Foster, Anna Freitas, Mary Franco, Anna Furtado, Masako Hirabayashi, Chiyoko Kawaguchi, Yuliko Kataoka, Keiko Koga, Alice Le-mas, Beatrice Lewis, Mary Lopez. Others were Beatrice Machado, Selko Mune, Irene Muniz, Lenora Neves, Agnes Oliveira, Marie Pierce, Olive Perry, Constance Reina, Josephine Remaldo, Lucille Rose, Susie Rose, Evelyn Rose, Elva Santos, Mae Souza, Dolores Telles, Kathleen Whitfield, Frieda Wipfl, June Withery and Kiku Yamamoto.

Hatchet Day Held For First Time Friday

Friday was "Hatchet Day" at Washington Union High school, the first of its kind in this institution. A meeting was held during the sixth period of the day, and Phil F. Griffin, an alumnus, was the main speaker. He told of the origin of "The Hatchet," house organ of the high school. He was one of its founders. He also related a few of his experiences in newspaper work. At one time and another he has been employed on several large city dailies and also on country newspapers.

Following Mr. Griffin's talk an exhibition was given, demonstrating what happens from the time a reporter is given an assignment until the time a news story appears on the front page. This was done by the class in journalism. In the hall a display was made by Arlene Oliveira, editor of the "Hatchet," and her staff. Several early copies of "The Hatchet" had been secured for this day. Hugh Kibby, instructor, assisted and supplied a great deal of the material for the exhibition. He also told of the development of "The Hatchet" from a two column paper to five columns, as it appears now.

CLUB TEAM WILL PLAY VOLLEYBALL TOMORROW NIGHT

Centerville Athletic Club Volley Ball team will play in a tournament against the Hayward Business Men Friday night, May 23, at Hayward. An exciting contest is expected and members of the club are planning to attend the event in a body.

It was also announced that three new members have been added to the organization. They are Ernest Pimentel, Dr. G. S. Holeman and Edward George, proprietor of the Centerville Nash company.

CARE OF BATTERY

Before watering the battery, it is important to test it with a hydrometer to see if they are fully charged. Readings should be between 1.280 and 1.300. In making these readings, be sure to return the electrolyte from the syringe to the same cell from which it was taken.

TOWNHALL GROUP HOLDS MEETING FOR AN ELECTION

There was a Town Hall meeting held Friday at the home of Mrs. Gregory. For the second time within a year death has called the treasurer of the organization. Mrs. G. Mathiesen was elected to fill the place.

Arrangements were made to pay for pavement in front of the hall. This association will be 40 years old in 1931. A proposal has been made to celebrate in some fitting manner.

Leadership claimed — Leadership established

THE claims we make for the "400" Series of Nash motor cars are based entirely on what these cars are capable of doing—the facts, and nothing but the facts!

Therefore when we designate the new Twin-Ignition Eight as the "Eight that leads the leaders," look for a very extraordinary motor car.

One that will do everything you want it to do—and do it better—the kind of a car you've always wanted to own.

One that you can drive 55 miles an hour in second gear smoothly, effortlessly, instantly!

One that will accelerate from 0 to 80 in three blocks!

One that takes steep grades without a struggle—powered to outperform!

We claim leadership—greater value—finer performance—and these cars more than make good our claim!

Buy no car this year until you drive a Twin-Ignition Eight. It is a masterpiece of motordom!

FLOOD LIGHTS NOW USED AT PLEASANTON

Protective Measure Taken to Stop Series Of Burglaries

Flood lights from 500-watt bulbs are now lighting up the Amador Valley High School buildings, Pleasanton, as a protective measure against the culprits who have invaded the school almost at will and caused considerable damage.

There are two of these lights facing the front of the structure and one in the rear throwing the quadrangle into relief.

The lights are of such power that the buildings and grounds at night are as light as at noon when the sun is shining.

AMADOR HIGH TO GRADUATE CLASS ON JUNE 13TH

Commencement at Amador Valley High school, Pleasanton, will be observed this year on Friday evening, June 13, it was stated at that school this week. There will be twenty-three members in the graduating class unless examinations should prove too hard but this is not thought likely, according to Principal R. O. Moyer.

Commencement week will consist of the graduation exercises, the final assembly Friday morning and the Senior Ball on Saturday evening, June 14.

The seniors had their pictures taken for the graduating group last week at the school building.

GRASS FIRES DISCUSSED BY FIREMEN

Firemen Discuss Grass Fires at Barbecue Dinner Meeting

INTERESTING GATHERING

Association Members Praise Pleasanton's Fire Equipment

Problems of fighting grass fires in the hills of Alameda county resulted in a spirited debate between County Fire Warden John McGlinchy, of Livermore, and Sam Short, chief of the Oakland Fire Department, at a barbecue and meeting of the Alameda County Firemen's Association held at McKinley Park last week.

McGlinchy, veteran of many fire fighting campaigns in the hills surrounding this valley, objected to the methods advocated by the firemen trained in combatting blazes in the cities, and contended that fast transportation, plenty of wet sacks and a crew of men trained in fighting brush and grass fires could do more effective work than modern fire trucks or other equipment that might be purchased by the county.

The discussion revolved around a report that the Alameda County Board of Supervisors had been requested to appropriate \$5,000 for the purchase of equipment to combat fire in the rural sections of the county, and that the matter had been referred to the budget committee.

McGlinchy particularly took exception to the statement of Oakland firemen, to the effect that southern Alameda county is virtually without fire protection. He pointed out that more land was burned over in the incorporated limits of the east bay cities last summer than the total acreage lost in the unincorporated area of the county.

The Alameda County Firemen's Association is composed of residents of the county who are interested in the prevention and fighting of fires. Councilman Thomas J. Orloff, of Pleasanton is president of the organization.

Once a month the members meet to discuss the best ways to accomplish the purpose of the organization. At the recent meeting the Pleasanton Fire department acted as hosts. Following an inspection of Pleasanton's new \$10,000 fire house the visiting firemen went to McKinley Park where a barbecue dinner was served. Music was furnished by a band from the Oakland fire department.

Today's Scripture LESSON

By Rev. John R. Stevenson

They go from strength to strength—Ps. lxxxiv.7.

First the blade, then the ear, after that the full corn in the ear.—Mark iv.28.

Build thee more stately mansions, O my soul,
As the swift seasons roll!
Leave thy low-voiced past!
Let each new temple, nobler than the last,
Shut thee from heaven with a dome more vast,
'Till thou at length art free,
Leaving thine outgrown shell by Life's unresting sea!
—O. W. Holmes.

PLEASANTON IMPROVES TOWN JAIL; SEVERAL NEW ELECTRIC LIGHTS

Under the direction of Councilman Thomas J. Orloff, workmen have completed the installation of electric lights in the cells and corridors of the Pleasanton jail. Besides these lights additional lights have been placed at the corner of the building. The improvements have been made with the idea of adding to the safety of officers who take their prisoners to the lock-up.

AMADOR HIGH SCHOOL CLOSES BASEBALL SEASON WITH WIN OVER HEALD'S COLLEGE NINE

Better Team Is Anticipated for Next Year by Coach Patterson

After having nosed out a victory over Heald's Business College nine in the game played in Pleasanton, the team of that town trekked to Oakland last Friday afternoon and had but little trouble in downing the city boys in the return contest 16 to 5.

This was the last game of the season for the Pleasanton school nine. The team showed in top form. When the Heald's outfit was in Pleasanton they lost by a narrow margin of 4 to 3. They had that game sewed up until the ninth inning when the Pleasanton boys won out.

In the Friday game of the past week, the Dons started out in the first inning with a triple by Marino and a homer by Paulo to score two runs. Every following inning the Dons managed to score two more runs, bringing the final score to 16 tallies against five.

Captain Julius Anselmo held his opponents to five hits and five runs. He walked six men.

Coach George Patterson, Pleasanton, had the following to say

regarding his team at the close of the season:

"The baseball season just ended has been quite successful. The team won ten games and lost three, playing against the very best high school teams of the bay district.

"Captain Anselmo lost but one game and that by a 3 to 1 score against Roosevelt, and at no time did he ever allow over five hits in a game.

"The prospect for an even better team next year is promised by the new material coming up."

IN THE HARD TEST OF DAILY USE CYCOL WINS THE WEST

NO cheering crowds surround the bus motor that comes unscored through 60,000 grueling miles. No checkered flag flashes WIN to the tractor snaking logs through the mud. No sport page heralds your own motor when the speedometer trips miles past the change-oil mark—trouble-free.

But by winning these every-day tests, Cycol has earned the solid faith of thousands of users. Cycol has won the West. In spite of new oils that come and go, in the face of clamorous claims of competitors—the use of Cycol increases.

separately transported and separately stored at the refinery.

5. Only the "heart cut"—the first choice crudes—are used in making Cycol.

Cycol gives complete, unfailing lubrication, yet no oil is more economical, for Cycol has "Endurance Beyond Belief." The price of Cycol is but 25 cents per quart.

These five steps make these truths possible:

1. The new Edeleunu treatment process removes 14% more impurities than does the commonly used acid-treating method—hence Cycol gives more lubrication—more protection for your motor. Cycol is a pure oil.

2. Cycol is distilled under high vacuum methods. No vital elements are

weakened. All fractions are uniform. Cycol will not evaporate, thin, or break down.

3. The closest of fractionation during distillation rejects light volatile fractions and heavy, gummy elements. No motor oil forms less carbon than Cycol Motor Oil.

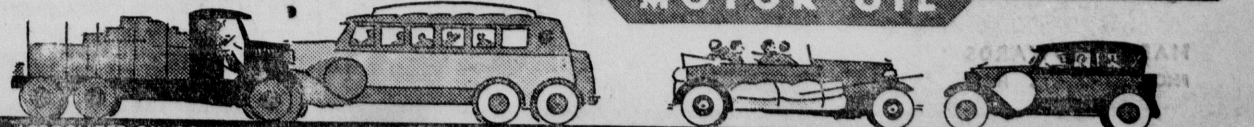

4. Cycol is made only from specially selected crude oils. They are

THE GREATEST YEAR FOR ICE

The day of extravagance is

past. People have recovered from the recent fever of easy spending . . . they now demand **VALUE** for their dollars spent.

More and more the trend is toward ice refrigeration. A few minutes figuring will show that even the first cost of a chemical-mechanical refrigerator would represent the equivalent of your ice bills until 1942. And ice is not only cheaper, but is the only real refrigeration.*

New, scientifically designed ice refrigerators, in white and pastel colorings, sell as low as \$25 to \$65. They are beautiful in appearance, have larger food storage room and enable you to have plenty of ice for all occasions. Sold by your iceman on easy terms with a liberal trade-in allowance on your old ice box.

People who demand the best in refrigeration and buy with a shrewd knowledge of value per dollar spent will phone their iceman today for full particulars regarding ice refrigeration.

*Remember this, only ICE keeps foods fresh as well as cold, conserves their natural flavors and juices, and keeps food pure by a natural circulation of clean washed air that carries away impurities and odors.

IRVINGTON WILL HAVE SERVICES OF MEMORIAL

Irvington Community Church, Irvington, will observe Memorial Day in a fitting manner, Sunday, May 25th. Topic of the main address will be "How Can We Honor the Dead?"

Questions that are to be answered are:

Why does the Bible make so much of memorials?

Why have men of all races attached so much importance to honor and reverence for the hero dead?

What are the supreme lessons of American History?

Can anything worth while be enjoyed without sacrifice?

How can we end war?

PARTY PROCEEDS TO AID CHILDREN OF THIS TOWNSHIP

May 24th Is Date Set For Affair At Shinn Home.

Data concerning the Toyon Branch of the Baby Hospital has been compiled, and results show that during the period between May 1, 1929, and May 1, 1930, a total of twenty-three cases had been given care from this region. There were two cases from Alvarado, two from Centerville, two from Decoto, one from Newark, eight from Niles, five from Pleasanton, and three from Livermore.

Patients treated in the clinic numbered thirty-one. All were from communities adjoining Niles. They were Alvarado, five; Centerville, one; Decoto, two; Newark, two; Niles, ten; and Pleasanton, eleven.

Parents of the children have been able to save hundreds of dollars due to the sliding scale, which allows them to pay as much as their financial condition warrants.

Proceeds of the annual garden party, which is to be given Saturday, May 24, at the home of Mr. and Mrs. J. C. Shinn, and which is sponsored by Toyon Branch of the Baby Hospital, will go toward the hospital fund, making it possible for children in the community to receive necessary care.

Amusements of all kinds are to be featured at the garden party, and from 12 to 2 p. m. luncheon will be served on the grounds by Mary Dowd Reardon, who is planning the meal. All are urged to attend, for by attending you help the children of the community.

PARAMOUNT HAS SCREEN PARADE ON T. & D BILI

As exciting as a New Year's Eve is the big party of the stars coming to the Fox T & D theatre, Oakland, Friday, in "Paramount on Parade." Here is no boring cut and dried revue. It is witty and sparkling; has speed and flash. Your favorite stars appear in the roles they know how to play best. Consider all the things you'll see. There's the clever number, "Murder Will Out," a funny travesty on detective mysteries with William Powell as Philo Vance, Clive Brook as Sherlock Holmes, Eugene Pallette as Sergeant Heath, Warner Oland as Dr. Fu Manchu and Jack Oakie as the victim.

You'll see Maurice Chevalier and Evelyn Brent prove that the Apache dance originated in the bedroom. You'll meet Harry Green as the Toreador and Kay Francis as Carmen in a riotous sketch with Spanish settings. Clara Bow, the "It" girl, is going to dance and sing, "I'm True to the Navy Now." Ruth Chatterton will play a girl of the Parisian cafes, Nancy Carroll and Buddy Rogers are slated for some very "close harmony," and Jack Oakie as an instructor in a girls' gym finds himself in a peck of trouble when he's discovered by his jealous sweetheart.

Niles Veterans Invited To Attend High Jinks

A smoker and "high jinks" is to be given May 21 at American Legion hall, B street, Hayward, and is being sponsored by Arthur H. Jones Chapter No. 34, Disabled Veterans of the World War. All veterans in Niles and vicinity are cordially invited to attend this affair as guests of the Hayward chapter.

RED CROSS WILL CONDUCT SCHOOL OF LIFE-SAVING

Instruction in swimming, life saving and first aid will be offered by the American Red Cross at an eleven day institute to be held at Mills College, California, from June 18 to 28, it was announced here today by Edwin H. Carrol, director of First Aid and Life Saving for the Pacific Branch of the American Red Cross.

This institute is open to anyone interested in water safety, but is especially designed for men and women who are or wish to be, come swimming teachers, life-guarders, camp directors or first aid instructors. Swimming, diving, life saving, first aid and camp protection will be among the subjects taught.

The fee for the eleven days will be \$50 and will include room, board, instruction, textbooks and any insignia earned by successful completion of the courses. A Red Cross nurse will be on duty throughout the sessions to safeguard the health of the students and to provide for the comfort and welfare of the young women.

QUAIL KILLED BY BURNING BRUSH RANCHERS WARNED

Farmers and ranch owners who are interested in augmenting the supply of quail and other upland game birds on their property are advised to be very careful in the use of fire in cleaning up their brush areas at this season of the year by Donald M. McLean, Field naturalist of the Division of Fish and Game Department of Natural Resources.

In most parts of California, quail have already started building nests and fires used to destroy brush may result in the destruction of the first nests of these birds. At this season of the year, brush and grass fires may spread rapidly into areas where real damage to land of the farmers may result. If this brush is allowed to remain in place, it will, in many cases, serve as protection for the nests of the upland game birds and will prove a valuable asset to the landowners.

INSPECTOR OF MILK TO BE N I D

Legal Processes Are Completed and Ordinance Is in Effect

READY FOR ENACTMENT

Pleasanton and Livermore to Join in Employing Inspector

After a delay of months the city councils of Pleasanton and Livermore have reached an agreement on an ordinance providing for milk inspection in the two communities. The necessary legal advertisements have appeared in both towns and the ordinance is now in effect. It is understood that the towns will jointly employ an inspector so that his salary may be paid through small fees charged for inspection in each of the towns.

The ordinances were made necessary by the operation in the city limits of both towns of "one cow" dairies which were supplying milk that did not come up to the rigid requirements fixed by the state. The state inspectors were powerless to regulate the butter fat content of milk or enforce sanitary regulations in such cases.

Regulations which are to go into effect in the near future will require that all milk sold in these towns must come from tested cows, be handled in approved sanitary methods and marketed under temperature and sanitary regulations similar to those imposed by the state. The small inspection fee will amount to approximately fifty cents a month in the grocery stores.

It is expected that the milk inspector will be appointed by council the first Monday in June.

Cattle Corral Removal Asked For In Petition

Annie Johnston Would Have Southern Pacific Move Yards

Declaring that the cattle corrals and chutes maintained by the Southern Pacific Company on First street, Pleasanton, were a nuisance, and asking the city council of that city to take the necessary steps to have them removed to some less objectionable location, Mrs. Annie T. Johnston Monday night presented to council a petition bearing the signatures of 115 residents of that city.

The petition sets forth that the manure at the corrals is a breeding place for flies; that it is detrimental to the health and comfort of the residents of that part of town; that the bellowing of cattle disturbs the residents of the vicinity; and that the driving of cattle to and from the loading chutes is a menace to children who are compelled to pass the place.

The petition was referred to City Attorney Walter T. Nilson.

If the motorist fails to get anticipated performance out of a more volatile gasoline, it may be because the plugs are of the wrong type. A hotter gas takes a hotter spark plug.

POPULAR STARS "CAUGHT SHORT" AT FOX OAKLAND

They knew how to clean up the kitchen. They learned how to clean up in Wall street. And then Marie Dressler and Polly Moran were "Caught Short." The laughing panic suggested by Eddie Cantor's book is slated for the Fox Oakland screen Friday.

Everyone's roared at these comedienne in feature pictures and their own two-reelers. Now they are stars in their own right—and what stars. Their every antic means a laugh. Their every gesture provokes a howl. From the time they scrub floors together until they make money and put on the ritz they corner the market on fun.

Anita Page plays the daughter of one, Charles Morton is the son of the other. When these two try a fling at romance, Marie and Polly step in. Then the chuckles begin, the laughter comes fast and a grand time is had by all. Speaking of stars, there'll be plenty in "The Milky Way." It's Fanchon and Marco's newest stage act, a dazzling revue set to Herbie Kings music and sparkling with beauty and song. Venus and the others will be there. Get set for a personally-conducted tour of the heavens.
